Date: 13-08-2024

Venue: College Auditorium

Time: 10:00 AM

# Credit-linked Skill Development Certificate Course in Autism

## Course Overview

This 12-credit course is designed to provide participants with a deep understanding of Autism Spectrum Disorder (ASD) and the practical skills needed to support individuals on the spectrum. Aligned with UGC guidelines, the course combines theoretical knowledge and hands-on experience to address the diverse needs of people with autism.

## Theoretical Component (4.8 Credits)

The theoretical part of the course spans 72 hours and is divided into 9 modules:

1. Introduction to ASD
2. Types of ASD
3. ASD & Sleep Issues
4. ASD Behavioral Patterns & Challenges
5. Autism Fixation at Different Developmental Stages
6. Classification, Screening & Diagnosis
7. Treatments for ASD - I
8. Treatments for ASD - II
9. Treatments for ASD - III

## Practical Training Component (7.2 Credits)

The practical component consists of 216 hours of hands-on training at AHMA, Karyattukara, where participants will engage in ***Clinical Experience, Communication Skills, Positive Reinforcement, Crisis Management, Collaborative Work & Evidence-Based Practices***

## Faculty & Institutions

The course is delivered by the Department of Psychology at St. Aloysius College, in collaboration with AHMA, Karyattukara. The faculty includes experienced professionals from both academia and industry, ensuring a rich learning experience.

## Additional Details

Maximum Student Intake: 60 students

Faculty-Student Ratio: 1:30, ensuring personalized attention and guidance.

## Conclusion

This course is a comprehensive program aimed at equipping participants with the necessary knowledge and skills to effectively support individuals with autism. It prepares students to address the unique challenges faced by people on the autism spectrum, ultimately contributing to greater inclusivity, accessibility, and improved quality of life for those affected by ASD.
