2.3.2 - Teachers use ICT enabled tools for effective teaching-learning process. Write description in maximum of 200 words

The Pandemic Times were difficult times when the world stood paralyzed. As we shifted from the real world to the virtual one, at least in terms of class room teaching, there were many hurdles. Yet St. Aloysius worked as a team to overcome the challenge. As the online classes started in June, we searched out students who found it difficult to access classes. Departments, teachers and students found ways to help them out, sometimes through sponsorships, and, sometimes from own pockets. Departments organized various co-curricular activities and webinars to tide over the tedium of online learning The faculty visibly improved their ICT skills during the period. Classes were uploaded through platforms like Google classroom, Edmodo, etc. Online classes were

conducted through Webex, Zoom and Google Meet, etc. Tests were conducted using Google Forms, Bookwidge, etc., classes were recorded using screen recorders like Xrecorder, Active Presenter, OBS Studio, etc. We also experimented with our own digital platform MeetXp. Many departments started their YouTube Channels and opened their Facebook Pages to help students get connected and to disseminate relevant information.

2.5 - Evaluation Process and Reforms

2.5.1 - Mechanism of internal assessment is transparent and robust in terms of frequency and mode. Write description within 200 words.

Guidelines for the Internal Assessment (IE) are adopted from the University of Calicut regulations. The Orientation program for newly admitted students at the beginning of every academic year apprises them of the modalities of the IE, the evaluation process and the schedule. The College handbook issued to the students specifies the probable dates of the internal exams. Following parameters are followed up:

Attendance: The attendance component has 25% weightage in the IE.

Syllabus & Schedule: The portions of syllabus relevant for the particular exam are intimated to the students by the teacher handling the paper.

Management & Timely Valuation

Centrally held Examination:

Curbing Malpractices:

Additional examination: Students who fail to appear for the internal examinations due to unavoidable circumstance have the provision to take a Re-test.

Students' review:

Grievance Redressal Committee for Internal Examination & Complaint boxes

Seminars/Projects/Viva voce/ Online Assignments/Slide Presentations:

2.5.2 - Mechanism to deal with internal examination related grievances is transparent, time- bound

and efficient

Internal Examination Cell: Internal examinations are conducted under the aegis of the examination committee comprising of two faculty members and assisted by office staff.

Timely Valuation: The valued answer scripts are returned to the students within the stipulated time.

Grievance Redressal Committee for Internal Examination & Complaint boxes: The College has constituted a Committee of two faculty members, to redress grievances related to examinations. Students are informed through the Handbook about these committees and their rights to approach either their respective class teachers or any other teacher. The students can also place their grievances in writing in the general complaint box. The system of returning evaluated answer scripts of formative tests to each student after diligent discussion preclude any scope for complaint with regard to valuation.

Authentication: The allocation and computation of internal marks in each subject prescribed in the University regulations are informed to the students. The students can independently calculate their marks and cross verify it with the subject teacher's assessment. The consolidated internal grade card is verified by the respective teachers before uploading it to the University Portal.

This year the exam related grievances were dealt virtually after the online exam.

2.6 - Student Performance and Learning Outcomes

2.6.1 - Programme and course outcomes for all Programmes offered by the institution are stated and displayed on website and communicated to teachers and students.

The Internal Quality Assurance Cell of the College in consultation with the Department Heads decided that each Department prepares Learning outcomes to evaluate the attainment of Program Outcomes (POs), Program Specific Outcomes (POs) and Course Outcomes (COs) for all courses in tune with the University syllabus provided in

the website. These learning outcomes, through concise statements, describe the learning that will take place across the curriculum in observable and measurable terms and what a student or a class will know and would be able to do as the result of having successfully completed a Course and finally a Program. It was also decided that there must be a documented process in place to measure the attainment of defined POs and that the defined COs must contribute to the attainment of POs. The Course Outcomes (COs), Program Specific Outcomes (PSOs) and Program Outcomes (POs), for all Programs offered by the Institution are effectively communicated to the stakeholders by, Displaying the outcome statements on the website of the College . Hard copies of the same are made available in the library and in the respective departments.

2.6.2 - Attainment of Programme outcomes and course outcomes are evaluated by the institution.

The Institutional assessment system evaluates the PO, PSO & COs of a student after the completion of the Program based only on the internal evaluation, since it considers not only the theoretical knowledge of the students but also the other criteria. The average internal marks obtained for a subject in relevant semesters are ascertained to a ten point scale. This is considered as the Course outcome of the individual student on the completion of a Program. To ascertain the Program Outcome, the internal credits obtained by a student for all courses in all semesters is considered and weightage is given as per the credits allotted for each course by the university, whereas for ascertaining the PSOs and COs, credits obtained for the particular courses for relevant semesters are considered. Percentage Outcome for each course and program is calculated using the equation: Outcome (in percentage) = (Average mark for the course ÷ Maximum mark for the course) x100 The system provides the faculty with information about student attainment of Program Outcomes, thus enabling curriculum improvement.

Instilling social commitment in students has been given prime priority in the vision of our college. The institution always insisted on the mission of the college to mould the students to be sensitive to the cause of justice, love, truth and peace. Thus the social and communitarian activities of the College are designed to promote social commitment in the students and to empower the larger community instilling in humanitarian values. If Elthuruth is what it is today, this place owes a great deal to the college and its social commitment. The activities are organized through clubs, associations, departments, NCC, NSS and Alumni association together with all the departments.

Despite the corona pandemic and ensuing lockdown, there was no backing down from the extension activities of the institution. Various activities like planting trees in the household vicinity, life skill development activities like cake making, cleaning the surrounding areas during Gandhi Jayanti etc was practiced. Online webinars on compassion and competency was organised. Taking advantage of the corona situation the students cleaned their houses as well as the surroundings. Another commendable activity undertaken was mask donation to various households and institutions as well as people in the streets.

6.5.1 - Internal Quality Assurance Cell (IQAC) has contributed significantly for institutionalizing the quality assurance strategies and processes

The IQAC plays the role of a fulcrum in institutionalizing the quality assurance strategies at St. Aloysius College. This year was challenging to the institution and IQAC in particular due to the Covid pandemic. However, the IQAC took the lead role in normalizing as much as possible the quality activities as well as the accessibility of the virtual mode to the underprivileged students. The IQAC encouraged the departments to open their YouTube channels as well as Facebook page to disseminate academic knowledge. The IQAC took the opportunity of the pandemic to push departments to bring in international scholars virtually for talks and lectures. From June 2020 onwards the departments organized a number of webinars giving the academia and students a never before explore to prominent scholars and their scholarships. A total of 31 webinars/ Invited Lectures were organized during the year 2020-21 by the various Departments under the guidance of the IQAC.

7.2 - Best Practices

7.2.1 - Describe two best practices successfully implemented by the Institution as per NAAC format provided in the Manual.

Best Practice 1:

Aloysius Social Welfare Initiative

Objectives of the Practice

To train students to be agents of positive social change through structuring specific awareness programmes on socially relevant issues.

The Context:

One of the challenging issues that needed to be addressed was the increasing cases of drug abuse and related crimes in Thrissur district along with supporting the Covid efforts.

The Practice:

In spite of the Covid pandemic lockdown, our students, as part of St Aloysius Social Welfare Initiative carried out various awareness programmes and social services in the areas of public health, education and charity along with spearheading anti-drug poster campaigns and awareness sessions virtually.

Evidence of Success:

Covid Protocol was followed better in the neighbourhoods in which our students engaged in covid awareness campaigns. The social media platforms along with online platforms were used to convey the message against drug abuse which resulted in influencing the

affected.

Problems Encountered and Resources Required

The Covid lockdown acted as a hindrance in implementing elaborate programmes connected to Covid awareness. General unwillingness of the parents of girl students to permit their participation in community services.

Best Practice 2: (Attached)
